Vickerman	Vickerman Award Winning Residential Holiday Design - 2023
Testimonial I	<i>We hired Jill Rae Designs for a gut kitchen reno and wound up using them to remodel our main living space, including the living room, and primary bedroom/bathroom. They are creative, professional, approachable and easy to work with. They have cool ideas, think out of the box, and understand design trends. Jill and her team seamlessly lead us through the design process from start to finish. They listened to our needs, coordinated with the contractor and all of the vendors and jumped in to troubleshoot any issues. They made the process fun, helped us refine our budget and personal style, and took away all of the stress and worry about making decisions, which I never imagined was possible with a renovation. That meant we enjoyed the journey as well as the finished product. Our house now looks and feels like a home, and reflects our personal style- we get so many compliments! Highly recommend it!</i>
Testimonial II	<i>Jill Rae Designs was amazing!! They honed in on the look I wanted to achieve, while sticking to the budget allotted for the project. They were so resourceful and provided just the right amount of options to make my final selections. They were spot on down to the finishing touches. Thank you Jill Rae Designs for our dream master bath!!</i>
Testimonial III	<i>Jill Rae Designs did a wonderful job helping us get our house ready to sell. She offered excellent advice on paint colors, carpeting, lighting, home staging, and design styling. I'm confident that the changes we made helped prospective buyers envision themselves living here! I only wish I used Jill's services earlier so we could've enjoyed our refreshed look for longer. I will definitely be using her for any future design work we need.</i>
